

# **SERVING OPPORTUNITIES**

Our hope is that we can make people feel wanted, welcomed, and comfortable when they attend a service at Christ Place. This will help folks to feel at ease and allow the Lord to speak to them during the service with less distractions from life.

## **GUEST SERVICES**

**Parking Lot Entrance:** We love to have people at the entrance to the parking lot holding welcoming signs and waving as people arrive. This really sets the tone for people being welcomed.

**Greeting:** Foyer and Door Team Members to connect with people and help where ever possible is a huge way to show we care. People reaching out to people to say hello has a way of opening the door for deeper discussions that lead to a Family like experience.

**Sanctuary Contacts:** This group of people would work with the Usher Team but basically be at a post in one of the aisles in the sanctuary connecting with people as they arrive and find seats before the service. This can be a lonely time for people as they walk into a crowd that is already established.

\*\*\*Because we don't want anyone attending who may show up late for the service to make it in without feeling the acceptance of the teams that we ask all teams to serve 15 - 20 minutes after the service starts at their positions so we can make sure everyone has contact with another caring human being.\*\*\*

## **CP YOUTH**

**Greeters at mid-week:** We want to have people in place adding value to students coming to attend CP Youth. Reaching out to students to say hello has a way of opening the door for deeper discussions that lead to a Family like experience.

**Café servers at mid-week:** The Café servers sell snacks to students before and after the CP Youth midweek service.

**Check in at mid-week:** Check-in is very important to our security process and keeping our kids and students safe while in our care.

Lead / help lead a Connect group at Edge Weekend: Every weekend, we host dozens of middle school-aged students and try to contextualize bible lessons to help them learn and grow.

Help with an "I Heart 1 Day": We need help in various areas like chaperones, van drivers, meal prep, and more.

### **CP KIDS**

Check-in: Check-in is very important to our security process and keeping our kids and students safe while in our care.

### **RWANDAN STUDENT MINISTRY**

Transportation: Every week, we pick up and drop off approximately 50-60 Rwandan students, that attend UNL, for church on the weekends. There are opportunities/needs for van drivers on a weekly basis.

If there are other opportunities within the church that your group would like to be a part of, please contact Pastor Ryan at [ryan.martinez@christplace.church](mailto:ryan.martinez@christplace.church).
