# MIRACLE

GOAL: \$100,000

*Offering*

## GLOBAL MISSIONS

### Fire Bible in Sri Lankan Language **\$20,000**

Light for the Lost helps produce study bibles, also known as Fire Bibles, in different languages. They include Scripture, commentaries and study tools - it's like a full library in one book. Light for the Lost is on the verge of completing a Fire Bible in the Sri Lankan language, Sinhala, and we are going to help them finish it! This will give people in Sri Lanka the ability to read and study God's word in their own language!

### Speed the Light **\$15,000**

Speed the Light is helping missionaries Joil & Leah Marbut, purchase a school bus for the Hope House in Ecuador. The Hope House provides housing, food, and education for 60 girls at risk of being trafficked, sold, or abandoned. The Speed the Light bus would allow them to bring more girls to the center and to safely travel to the Hope House.

## LOCAL CHURCH

### Community Outreach & Expansion **\$35,000**

We will continue to prioritize people by meeting real-time needs within our own house and will actively invest to meet current needs in our community. We also have the opportunity to expand outside of our physical church walls into the homes of people in our city, nation, and world through our online services. We will invest in needed tools and resources to best disciple people within their homes.

## FUTURE LEADERS

### The Academy at Christ Place **\$30,000**

The Academy is a part of the North Central University Academic Partner program. It provides students the opportunity to gain practical experience while pursuing a fully-accredited online degree from NCU. The heart of The Academy is that students will strengthen faith, build character, and pursue purpose. Through this launch gift, we can purchase the needed resources to open with students for Fall 2021!
